

## Active in Bohemia

**Date: 14-17 October 2022**

**Topic: Discover Liberec Region**

North Bohemia is an area with history and many natural and cultural monuments. There are mountains and astonishing rock structures in the area, such as the UNESCO geopark Bohemian Paradise. You can find beautiful castles and chateaux from ancient times. The regional center of the region is the beautiful city Liberec. The lively city is a great starting point for day trips to the beautiful Jizera Mountains.
